ESAB

A **WORLD** OF **PRODUCTS** AND **SOLUTIONS.**

ESAB's reach extends to almost every nation in the world, with **more than 8,600 employees**, an established corporate **presence in 47 countries**, and **23 manufacturing facilities** across **6 continents**.

THE STORY OF ESAB IS THE STORY OF WELDING.

When our **founder Oscar Kjellberg** developed the world's first welding electrode in 1904, he launched a company whose innovation and uncompromising standards have helped create the history of welding itself.

SERVING **INDUSTRIES** THAT SERVE THE WORLD.

Automotive

General fabrication and civil construction

Power generation

Repair and maintenance

Pipelines

Process industry

Transport and mobile machinery

Pipe mills

Shipbuilding and offshore

ESAB MIDDLE EAST & AFRICA TERRITORIES

Regional Structure 2014

UAE:

- Regional Free zone company (100%)
- Local sales company (J/V)
- Dubai After Sales service centre
-Abu Dhabi branch office

Saudi, Turkey and Iraq:

- Representative Offices

ESAB MIDDLE EAST & AFRICA
TERRITORIES

Regional Structure 2014

AFRICA:

- Sales company
- After Sales service centre
- Local warehouse

ESAB MIDDLE EAST
COMPANY **STRUCTURE**

ESAB Middle East FZE

Jebel Ali Free Zone, Dubai

All common regional functions

ESAB Middle East LLC

Al Quoz, Dubai

After Sales service centre UAE

Abu Dhabi Office

Abu Dhabi Sales team

- **ESAB Middle East, +30 years in Middle East**
- **~ 80 employees in Middle East and 40 employees in Africa**
- **Regional and local stock**
- **Market differentiation based on Local Availability of High Level Technical competence, Products and Services**

Welding & Cutting Process Center 700 m2

- Mechanized Welding Column & Boom

- Mechanized CNC Cutting Plasma Cutting

- Core range of Welding Machines

- Meeting point

- 10 welding training booths

- Training/seminar room

- Locker rooms

ESAB MIDDLE EAST
DUBAI AFTER SALES **SERVICE CENTRE**

ARC WELDING EQUIPMENT.

A range of Arc welding equipment that offers an unequalled level of performance and reliability.

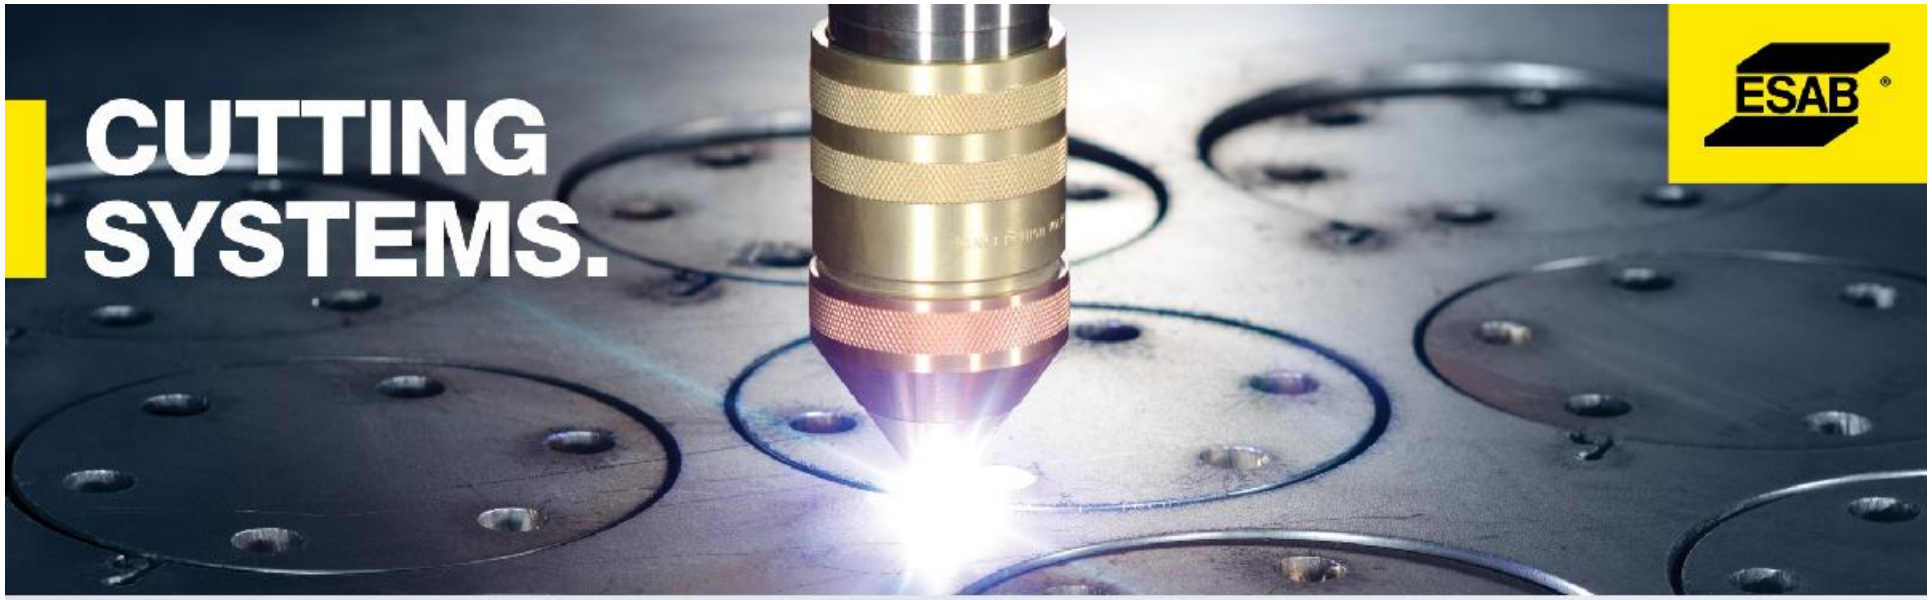
- GMAW (MIG/MAG) equipment
- GTAW (TIG) equipment
- SMAW (Stick/MMA) equipment
- Multi-Process equipment
- Wire feeders
- Supplies and accessories

MANUAL PLASMA CUTTING EQUIPMENT.

Our line of manual plasma cutting packages and torches are designed to make manual plasma cutting easier and more economical.

- Everything from compact, portable packages to heavy duty industrial systems
- Cutting capabilities from 1/8 inches to 4 inches
- Unique technology allows operators to achieve exceptional cut quality and consistency
- Ensures peak performance in plasma cutting and gouging

CUTTING SYSTEMS.



More than 75 years of responding to customers' cutting needs have resulted in an extensive range of products to handle the full scope of CNC cutting processes.

- Optimum cut quality and speeds for plasma, oxy-fuel, laser, and waterjet – individually or in combination
- Economical, precise oxy-fuel cutting – the best choice for thick carbon steel plate
- Plasma cutting systems that offer an unbeatable cost-benefit ratio, high speeds, and precise results
- Large format laser gantries for precision cutting on full size plates
- Waterjet and patented Waterjet/Plasma Combo for large working areas
- Columbus™ III - CAD/CAM software for optimal CNC cutting machine productivity

AUTOMATED PLASMA CUTTING EQUIPMENT.

Powerful solutions to enhance any mechanized cutting challenge.

- Powerful touch-screen CNCs specifically designed for plate cutting
- Integrated plasma systems with advanced power supply and gas control features
- Rugged plasma torches with precision consumables
- Integrated Arc Voltage Height Control systems

WELDING AUTOMATION AND ROBOTICS.

ESAB's welding automation solutions put high quality, high capacity, and much higher productivity within reach.

- Mechanized and orbital TIG
- Robotics
- Controllers and power sources
- Welding tractors
- Welding heads
- Columns and booms
- Carriers and gantries
- Accessory components
- Handling equipment
- Friction-stir welding
- Hybrid laser equipment
- Flash-butt welding equipment

WELDING CONSUMABLES.

As one of the world's leading manufacturers of welding consumables, our covered electrodes, cored wires, solid wires, TIG rods, strips, and fluxes cover all your needs for all types of welding.

- Aluminium alloys
- Cast iron
- Copper-based alloys
- Dissimilar materials
- Hardfacing
- Hardfacing – Fluxes
- Low-alloyed steels
- Low-alloyed steels – Fluxes
- Mild steels
- Mild steels – Fluxes
- Nickel-based alloys
- Nickel-based alloys – Fluxes
- Packaging
- Spool-types
- Stainless and high-alloyed steels
- Stainless and high-alloyed steels – Fluxes
- Titanium

GAS APPARATUS.

Our line of gas apparatus solutions enjoys a 99.9% customer satisfaction rate.

- Torches
- Regulators
- Cutting tips
- Steel Industry Products (SIP)
- Supplies and accessories

PERSONAL PROTECTION EQUIPMENT.

A complete range of high-quality protective clothing and equipment to keep operators safe.

- Helmets and head protection
- Gloves
- Clothing
- Eye protection
- Accessories

ESAB
CERTIFIED, GLOBALLY.
ESAB is the first company in the world to achieve all-inclusive, external certification for the three key management standards – **ISO 9001**, **ISO 14001**, and **OHSAS 18001**. The Environmental, Health, and Safety Management System and certification covers all activities, people, and units in ESAB globally.
MANAGEMENT SYSTEM CERTIFICATION
ISO 9001 = ISO 14001 = OHSAS 18001
DNV

WE CARE.
ESAB
ESAB is strongly committed to protecting and enhancing the health and safety of the people we work with and the environments where they work.
We strive to continuously improve our environmental, social, and economic performance.
We envision a world with no work-related injuries to our employees or people using our products.
We believe in minimizing negative environmental impact throughout each of our products' life cycles.
